- A. The required front yard is that portion of a yard which is located between the lot line and a parallel line at a distance equal to the minimum setback (see definition: **Yard, Required**). The front yard includes the required front yard as well as the non-required front yard (the area between the front building line and the front setback line) (see definition: **Yard, Front**).
- B. On a corner lot, both the front yard and the street-side side yard shall be treated as front yards for the purpose of the placement of accessory buildings.
- C. See 6.01D

\* Ordinance changes approved on August 13, 2020 by the Milan Twp Board.  
These Ordinance changes shall become effective immediately upon publication.
