FEBRUARY 10, 2020

RESOLUTION

Expressing support for the designation of the week of February 24-28, 2020, as
“Public Schools Week”.

Whereas public education is the foundation of a 21st-century democracy;

Whereas the Nation’s public schools are where students come to be educated as citizens of the
United States;

Whereas each public school prepares the Nation’s young people to contribute to the society,
economy, and citizenry of the country;

Whereas 90 percent of American children attend public schools;

Whereas local, State, and Federal lawmakers should prioritize support for strengthening the
Nation’s public schools and empower local education leaders to implement, manage, and
lead school districts in partnership with educators, parents, and other local education
stakeholders and learning communities;

Whereas local, State, and Federal lawmakers should support such necessities as counseling,
extracurricular activities, and mental health supports that are critical to help students
engage in learning;

Whereas inclusive and safe high-quality public schools are where children learn to think
critically, problem solve, and build relationships;

Whereas public schools should provide an environment where all students can succeed
beginning in their earliest years, regardless of who they are or where they live;

Whereas efforts should be supported to advance equity and excellence in public education and to implement continuous improvement and evidence-based practices;

Whereas every child has the right to an education that helps them reach their full potential and to attend schools that offer a high-quality educational experience;

Whereas stable, equitable, predictable, and adequate funding for great public schools for every student in America is necessary to ensure that students have inviting classrooms and school libraries with up-to-date resources as well as well-prepared and supported educators;

Whereas educators include teachers, paraprofessionals, and principals who provide a well-rounded and complete curriculum and create joy in learning;

Whereas the Nation's school buildings should have class sizes small enough to allow students to receive one-on-one attention and to access support services such as health care, nutrition, and after-school programs when needed;

Whereas students, teachers, and professionals make the Nation's public schools vital components of the community;

Whereas parents and communities are working hard to improve educational outcomes for children across the country; and

Whereas the week of February 24 through February 28, 2020, would be an appropriate period to designate as "Public Schools Week": Now, therefore, be it

Resolved, That Dundee Community Schools' Board of Education supports the designation of "Public Schools Week".
